

Careers

Novumed is a top management consulting firm specializing in the life science industry. Together with its clients, Novumed develops corporate strategies, creates financial transparency and supports organizational changes. The exceptional consulting quality is a direct result of the outstanding qualifications and track records of Novumed consultants.

What we offer:

Large and international consulting firms are often proud of their global presence. However, the country organizations of these firms are mainly operating quite independently and if you have a US contract you will primarily work for US clients.

Novumed is one of the few firms with truly international operations. We are able to offer our consultants projects in Europe and the US. Naturally, this requires excellent language skills and the ability to work in an international environment.

Who we are looking for:

We are looking for a team player, who is able to work independently with our clients and who is fun to work with. In addition, you should be characterized by the following:

Educational fit:

- Excellent academic achievements and university degrees (PhD and MBA preferred)
- Fluency in German and English
- Significant international experience
- Novumed relevant education: Economists and business administrators (Focus on Finance/Controlling), chemists/biochemists, MDs, pharmacists

Practical experience:

- Financial Controller with industry experience in large and mid-sized companies
- Natural scientists with experience in the life science industry or in hospitals
- Strategy consultants with experience in top management consulting firms

Consulting skills:

- Creative personality, who enjoys contributing to a team
- Strong communicator, able to communicate complex circumstances
- Excellent analyst, who identifies the crucial conclusions
- Strong business acumen and entrepreneurial spirit

We are looking forward to receiving your application

Is Novumed the right consulting firm for you? Then we would love to hear from you, but remember, the first impression is important. Your application should therefore contain:

- Cover letter (Why would you like to work as a management consultant and why at Novumed?)
- CV with focus on your special qualifications, including a picture
- University degrees
- Degrees and certificates of former employers

We would prefer to receive your application electronically:

[send E-mail](#)

However, as an exception you may also submit your application by regular mail to the following address:

Novumed GmbH
